Missouri Division of Workers' Compensation (MODWC) EDI Claims Release 3.1 Announcement

MODWC EDI Claims Release 3.1 Implementation Date Rescheduled

Date: 7/7/2026

MODWC EDI Claims Release 3.1 Implementation Date:

This correspondence is to provide an update on the implementation for MODWC EDI Claims Release 3.1 for First Report of Injury (FROI) and Subsequent Report of Injury (SROI).

The MODWC EDI Claims Release 3.1 implementation date of August 20, 2026, will be rescheduled. MODWC will send a separate announcement to provide the new implementation date when it becomes available. MODWC EDI Claims Release 3.1 implementation date change is needed in order to implement EDI at the same time as the MODWC Work Comp Connect Claims system implementation that requires additional time to finalize for implementation.

MODWC testing will remain open and will be revised along with the update to the new implementation date. Once a new date has been determined, MODWC Claims EDI Release 3.1 Requirement Tables, Implementation Guide, Test Plan, Transition Plan and additional pertinent documents will be updated and become available on the website to reflect the new date.
